# OUR SUPREME PRODUCTS

## SHUTTERS

### Shutter Supreme

Our shutters (also referred to as louvre or Caribbean shutters) are considered "The ultimate window and door treatment". We have been designing and manufacturing the best quality adjustable wooden aluminium and security louvre shutters for practically two decades!

## FLYSCREENS

### Flyscreen Supreme

Our flyscreens allow airflow and are practically invisible once up, keeping your view uninterrupted. Available in a Flyscreen Mesh and a Pet Mesh – both designed for all screens and are fiberglass mesh with a PVC coating making them durable and long lasting.

## BLINDS

### Blinds Supreme

Specialist stockists and installers of stylish and quality blinds. We offer a comprehensive selection of blind types and materials with automation options. Blinds are a quick and effective way to change the appearance of a room and are easy to maintain.

**House OF  
Supreme**

superior & functional design

**E**stablished in 1999, House of Supreme is a market leader and is a dynamic forward thinking company that prides itself on the quality of its manufactured goods - hence 'Supreme' describes our showcase of house brands too, namely Shutter Supreme and Flyscreen Supreme.

We believe in superior function, style and design and are always innovating and enhancing our products, which in turn has seen our product offering grow.

Our name has preceded us which is evident in the growth of market share that House of Supreme enjoys. Our formula that drives this reputation is evident in our uncompromising standards of product, communication and service - leaving satisfied customers where ever our expertise has been given the opportunity to be showcased.

Our niche distribution extends to a broad range of public and private customer profiles and feature in the DOMESTIC, COMMERCIAL AND HOSPITALITY sectors.

WHERE STYLE MEETS  
FUNCTION.

HOS

## GET TO KNOW US BETTER

House of Supreme proudly manufactures and assembles its world class product from its centrally positioned premises in Johannesburg South Africa and has a national footprint of distribution. We also deliver our service offering beyond South African borders and into the Southern African region.

We also work in close conjunction with architects and/or window and door manufacturers in the design stage of projects to ensure the correct integration of our products and facilitate the development of bespoke solutions when required.

**We comprehensively manage contracts from initial design and production through to final delivery and professional, friendly installation.**

## HOUSE OF SUPREME

Manufacturers, distributors and installers of Shutter Supreme – custom made adjustable louvre or Caribbean, aluminium security, window, wooden and aesthetic aluminium shutters directly from our factory.

House of supreme superior Shutter Supreme products have been installed in:

- Top private designer homes
- Lifestyle Home Estates
- Commercial / Retail / Offices
- Lifestyle and Retail
- Hospitality – restaurants, luxury lodges, hotels and venues

## OUR DESIGN - QUALITY WITHOUT COMPROMISE!

We pride ourselves on giving you only the very best quality product and service to ensure that you get exactly the right look and feel for your architectural space. Time and time again we have gone the extra mile for our clients to make sure they get what they want. Not only that but with us, you get the advantage of in-house manufacturing. We don't rely on other suppliers to provide us with our window and door coverings, we build our shutters in our own factory. This gives you the added advantage of having the manufacturers on-site and ready to meet your needs.

# SHUTTERS

SECURITY SHUTTERS

SECURITY SHUTTERS

WOODEN SHUTTERS

ALUMINIUM SHUTTERS

## SHUTTER OPTIONS FOR OPENING AND STACKING

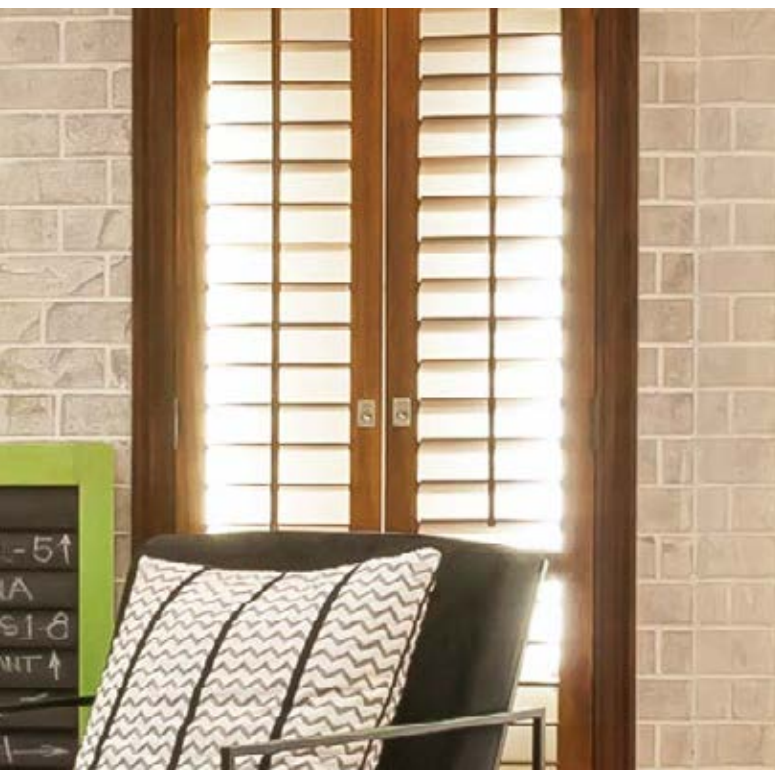

- Hinged
- Bi-Fold
- Sliding
- Shaped

## WHY HOUSE OF SUPREME SHUTTERS?

- Enhanced kerb appeal.
- Maintain their value and increase property desirability.
- Superb command of light and visibility control.
- Superior insulation assists with climate control.
- Deliver a timeless beauty that will never go out of style complementing classic and modern décors.
- Noise reduction and privacy.
- All our products are green! Our timber products are constructed from sustainable woods, like Obeche wood and we also use recyclable aluminium.
- Our security products offer a stylish alternative to traditional security barriers as protection from intruders.

## WOODEN SHUTTERS

A statement in style that radiates natural beauty as only wood can!

An iconic interior design feature at the pinnacle of today's classic style. Made to order wooden door and window shutters will blend with your architecture design, highlight your window and door frames and can be especially shaped.

## SECURITY SHUTTERS

Our security shutters not only look fantastic, they offer excellent security with our superior locking system!

The adjustable louvre blades are reinforced with hardened steel to ensure an extremely robust yet attractive alternative to steel gates and burglar bars on windows and doors.

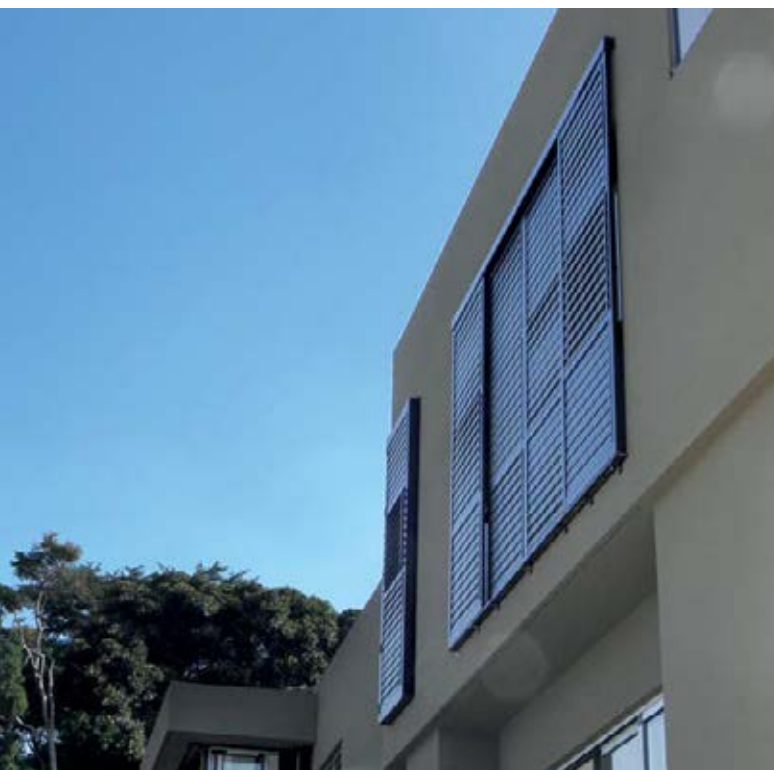

## ALUMINIUM SHUTTERS

Aluminium Shutters have all the attributes of our security shutters, just without the security devices added. Our aesthetic Aluminium Shutters are ideal for interior and exterior use for such applications as room dividers, privacy screens, architectural features and even noise retardants.

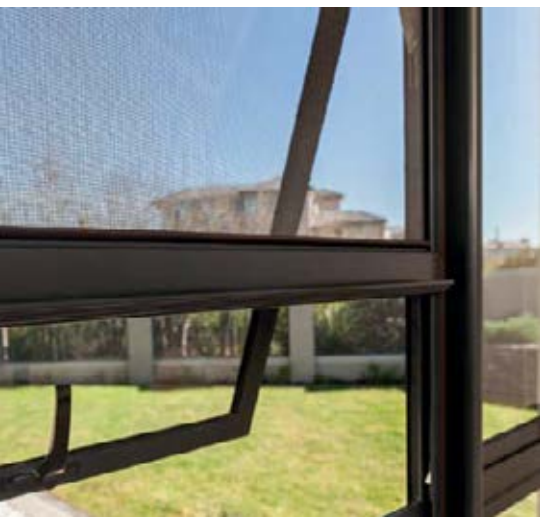

## PRIVACY & BYPASS SHUTTERS

These shutters are designed to separate and create new spaces. Ideal for creating privacy on open outside areas or used as room dividers within the home.

The shutters are made from steel, aluminium and/or wood and custom made to suit client specifications and colours.

# FRESH AIR WHILE KEEPING INSECTS OUT!

Flyscreen Supreme products are discreet, aesthetically pleasing and easy to operate.

- Protection from insects and pests whilst preserving your view.
- Restaurant and food manufacturing – compliance for food safety regulations.
- Can help keep the dust and pollens at bay.
- Environmentally kind as there is a reduction for the need of insecticides.
- Energy saving as they help to regulate temperature.
- A degree UV reduction.
- Pet safety and access prevention.

# INSECT & FLYSCREENS

CREATE SPACES TO ENJOY &  
**PRESERVE YOUR VIEW!**

HOS

# INSECT & FLYSCREENS

Catering for different uses and environments, Flyscreens keep out insects and therefore reducing the bacteria's and disease they carry – as well as keeping you comfortable.

Resistant to clawing and scratching, Pet Mesh is ideal for use with dogs, cats and birds to keep them safely indoors – or perhaps to keep them outdoors.

OUR BLINDS ARE  
AVAILABLE IN THE  
FOLLOWING STYLES:

- Roman Blinds
- Outdoor Blinds
- Bamboo Blinds
- Sheerweave Blinds
- Motorised Blinds
- Vertical Blinds
- Sliding Panel Blinds
- Roller Blinds
- Aluminium Blinds
- Wood Venetian Blinds
